

## **PROVING THE Q PSYOP IS A WHITE HAT ONE**

*(author unknown)*

" ... found this this great post ...  
and it gives me an opportunity to remind everyone  
that if we are indeed watching a fake movie,  
that is not a guarantee that its fake for our benefit  
and somehow in secret our slave-masters are being taken out."

**I say to my best Q buddies this...**

Prove to me there is a Plan and it's working using only what you can see.

Do not quote Q posts or use any information from them as some kind of proof or predictions of future events.

For instance prove to me that behind Trump there are a group of actual Generals.

**Because that's the premise behind Q right?**

The premise is that the posts are an Encoded Master Plan to overthrow what Q called a Satanic Cabal.

It's interesting that Q team used that particular way to describe them isn't it...Satanic Cabal?

**Q did not call them the jews...  
or Israel...  
or...the Khazarian Mafia...  
or the jewish mafia...?**

\*Why didn't Q call them out like that and name the jew when the time was ripe to do so?

**-0-0-0-0-**

Well I imagine it was because at the start of Q posting in 2016ish the "Noticing" as its become known, which for those unaware is the unofficial term for when a normie wakes up to the fact that the world is run and owned but a hierarchy of jewish elite billionaires and trillionaires, was only just beginning to cross over into the mainstream consciousness.

**Imagine if the first Q post  
had been written by a savage like me....**

**QPOST 0001  
It's the jews  
you fucking knobjockies.  
Wake the fuck up before I start  
tea bagging you muppets.  
Oh yeah and before I go?  
[JFKjrs] dead and...  
WWG1WGA 🍷 US  
-QK 😊  
I mean, would that have worked  
on the Chan boards?  
Maybe.  
LOL.**

But its more likely with the holocaust programming 9 in 10 people either attack my information and me themselves like Agent Smith in the Matrix...

**\*Or Israel themselves launch a massive  
counter psyop to debunk the Q posts.**

So they were not packaged like they were written by a dumb grunt like me and instead they looked like a Military Intelligence guy or AI had written them out as a multilayered Data dump from an Insider.

The fact that the jews were NOT named was precisely the reason so many truthers like me dug immediately into the Q posts without having my Cognitive Dissonance triggered into jew protect mode like we all learned in school.

**You remember that right all my Gen X peers?**

**I started school in 1975.**

I don't ever remember specifically where in my education I was jew programmed but all I know is my entire life I thought the jews were the biggest victims on earth.

But as I've proven with dozens of stories they are so far from being victims its jaw dropping how effective the programming is.

## **Once you start to notice?**

You go through that same process of self-evaluation where you ask yourself earnestly "how the hell did I not notice this before?"

That moment for me happened because like so many of you I had it pointed out.

### **Once I did I became a jew wrecking ball.**

I got kind of obsessed and wrote and podcasted about jews and I woke up tens of thousands of people in the process.

I still spent a long time not understanding how I had been fooled by the jews for so long.

Then I made a 50-hour 17 Episode podcast series exposing jew fuckery across the world from the moment they walked out of Egypt till now.

**I kind of became a man  
on a mission from God.**

**Not the jew God.  
Jesus's Dad.**

**Thats my God.**

**Don't get the two confused.**

**But I digress...**

## **The Q Posts**

If the Q posts name the jews it triggers the anti-semitic cognitive dissonance programming to shut down 99% of normies on the spot.

**Go find a random sleeping normie  
and tell him the holocaust was fake  
and the jews did 9/11 and watch  
AGENT SMITH  
take over their body in Real Time...**

So, there is a real and valid reason why Q team did not name jews specifically as the Enemy.

This is because as I've also written the problem for a lot of jews is the Talmud itself.

The Talmud is a book of lies that jews wrote themselves whilst slaves in Babylon.

It details the steps to create theological loopholes that permit jews to break every single one of the 10 Commandments at will.

**They wrote out how to trick God.**

**Then they told the world  
God told them to write that.**

Then they told the world God chose them over us so we cannot ever question them because questioning a jew is the same blasphemy as questioning God himself.

Jews tell Christians that and they throw themselves at the hem of their robes.

Jews tell Muslims that and muslims tell the jews to go fuck themselves.

So we go and kill muslim babies because the jews tell us to and questioning why we are killing babies on behalf of Israel is treated publicly like we are blasphemous against God?

**Welcome to 2024 people.**

\*This was the year we all looked around the world with eyes and consciousness more awake and connected than at any time in history and what did we see with our new eyes...

**We saw a lunatic asylum.**

**Not in there.**

**In some...  
big white building down that road...**

**Out here.**

**With us.**

We are living in a lunatic asylum now.

**I think we always were maybe...**

It's just that now all the freaks who were too scared to come out and show it, feel cozy enough to do so with no fear now.

**I mean holy shit how was the Olympic Opening Ceremony?**

You can't tell me that does not tell all of us that we have let this train be taken over by weirdos from a fringe group that is a fringe group of another even smaller fringe group.

When I was a young single man like all young men I looked at porn and I can tell you in the late 80's "Chicks with dicks" were the most fringe of fringe groups you could find and anyone who was into that shit was straight up considered a faggot.

A confused one at that, who wants to fuck dudes but needs to satisfy his mommy issues at the same time?

Just fucking weirdos.

**Oh but not in 2024 Genghis.** 🤪

In 2024 a selection of freaks like this ranging from chicks with dicks like Mike to serial killers like Hitlary to the first ever POTUS to simultaneously be on the WWE roster and run for his second term Donald "The Undertaker" Trump, leaves me shaking my head.

Somewhere the real timeline got screwed up by a heroin junky at C.E.R.N. maybe?

**So what have the Q posts given us?**

They confirmed with irrefutable sauce that there was a clearly identifiable Bad Guy in the world that is both all-encompassing and all powerful.

It is a Cabal of the most powerful Bad Guys on earth with unlimited wealth and structured around a Religious Belief system that focuses on Organized Crime as a way to control the world.

You've seen me prove this over and over.

There is a reason why you have seen countless movies about the different mafia groups around the world...

**The Chinese mafia...**

**the Russian mafia...**

**the Japanese Mafia...**

**the Sicilian Mafia...**

**The Mexican Mafia...**

**The Irish Mafia ...**

*But where is that  
Martin Scorsese blockbuster  
about the jewish Mafia?...*

**You know, (now), all the studios  
are owned by jews?**

You know, (now), any jewish Mafia movie would encourage interest into who they, the studios themselves are and whether they are implicated in any crimes...

It's kind of like expecting the Italian Mob to make movies about how they commit crimes before they got exposed and dismantled.

**That would be counter-productive right?**

Much smarter for the Italian Mob to finance movies about the Russian or Chinese Mafia right....because they want to damage them, not themselves.

Remember how Q talked about The Godfather movies... maybe look into that with new eyes....

Maybe look into those movies as less of an entertaining trilogy about Sicilian Mafia life and more of a jewish smear job on Sicilians to gaslight the world that Sicilians run organized crime worldwide rather than the actual jews who do....

Think about that and every other movie about organized crime to that comes out of jewish owned movie studios.

**Why that movie?  
Why target those groups?  
What was that distracting from at the time....**

What were the actual jewish mafia doing across the world at those moments when everyone was focussed on the Mexican Cartels or the Sicilian Mafia or the Chinese Triads?

It's not hard now in hindsight to see once you realize that above all of those organized criminal networks they were answering to the jews who were taking their cut and calling the shots.

**It's all one big jew run racket  
and they make billions off us .**

They make movies we go and watch about how it's all these other Goyim criminal gangs we need to be afraid of.

They even have fake Awards shows where they give trophies to the people who convince the most Goyin every year that the bad guys are anyone other than jews.

**You see it now right?**

This is why Deniro and Pacino and Scorsese have so much gold and anyone who works with them consistently win so many trophies like DiCaprio does....

**Because they are the guys  
the jews pay to gaslight the world  
about how it's not the jews  
it's the Italians.**

It's too funny.

Woody Allen is more of a gangster in real life than any of these pussies.

Think about how much power that jew has.

Openly a pedophile with preteen girls with audio from his wife to prove it and he still is untouchable.

**You think you got swagger?**

**You ain't got that jew swagger.**

When you can bomb newborns in Intensive Care Wards over and over and no one can stop you?

**Thats scary shit.  
Thats all powerful right there.  
It's not even debatable.**

So if we have an all-powerful enemy that we are trying to take down and we, as Q has said, have to leave Israel for last because they are the head of the snake as it were, then it makes perfect sense to me that in order to get the most interest at the start of when Q posted they would call the jewish mafia "The Satanic Cabal".

**Cabal comes from the jewish term  
Kabbalah so there's your first clue.**

Now look at all the themes currently running through all media from sports to entertainment to education etc...

We've proven to you guys it is clearly Satanic in nature.

So clearly if the jews believed in the same God Christians do, they would never glorify Satan like they do.

**Checkmate.**

**So let's just imaging Q is real.  
Let's imagine Trump is a part of it and he is Q+.  
Let's imagine all the Q folklore is true...  
Just stay with me Horse Warriors...**

If it's true then when they come into the final stages of the Plan then come up against that same brick wall of cognitive dissonance we spoke about earlier.

One of the most powerful Agent Smith Triggering things on earth.

***Anti Semitism.***

What does that mean?

It just means that when you were a kid and you came home from school after being bullied and your Mom told you that its ok because in life you were always going to meet people who don't like you and they will try to hurt you even though their justification is whacked.

It's OK to hurt those people back and totally wreck them if they keep trying to fuck you over.

**It's called self defense.**

**Unless they are jews.**

**Thats the point.**

**Mom should have told us....**

**But Mom didn't know then...**

**Our Moms did not "Notice"**

WE can't touch the jews because they don't have to obey the same rules we do.

Even though they live in our countries they control our government and our laws don't apply to them because they are jewish.

**Like Harvey Weinstein.**

**Show trial.**

**Fake imprisonment.**

**Public appeal and absolution.**

**Power restored.**

**jew superpower confirmed.**

**Immune to American Supreme court.**

**The Epstein client list?**

**Are you still with me...**

It's obvious they are the head of the snake folks and if any of you thought somehow it was the Pope?

**Who kisses the Popes Ring?**

**Whose rings does the Pope kiss?**

**Why do they wear tiny hats...?**

So we are now coming to the end of this Movie I believe.

**There have been 2 Major White Hat Psyops  
in Operations for the last 8 years.**

**A) The Q Operation.**

**B) The "Noticing" Operation.**

Th Q Operation has been heavily researched and confirmed as real hundreds of times with deltas, true predictions and Trump's direct involvement.

What hasn't been confirmed is whether it's been run to help us, or to pacify us to make us more vulnerable by the jewish mafia themselves.

The second "Operation" is the "Noticing Op".

You know who the major guys are behind this and I'm sure you suspect who we all work for.

The "Noticing Operation" is specifically targeted within the Truth movement for a reason.

**Truthers are the middle men to the people.  
I was one of the people.**

**I saw "Loose Change" made by a Truther.**

My life changed.

I became a truther from that day forward.

I'm sure many of you had the exact same experience.

**Q got your attention.**

He showed you what the enemy looked like.

The Truthers finished Q's job off and named them as who they really are.

**Now the world is noticing...**

This pleases me.

All we have left is the final curtain needs to drop.

We need to see high profile jews face execution for crimes we know they committed.

Until we see that and this entire movie is revealed as just that we are still stuck in the Matrix unfortunately.

**\*Just like Neo in the movie we can function every day  
and move around in the Matrix  
but were are aware that it is just a dream world  
that everyone is sleepwalking in and  
every once in a while you meet someone else like you  
who is just pretending to be asleep  
so as not to make waves but is actually  
just as awake as you on who the Satanic Cabal really is.**

I saw Trump get shot and it just looked like a low budget movie for normies to consume so that when Israel is blamed for it and the sauce starts to drop then more pro jew Christians will turn from them because they tried to kill Trump.

### **Are you with me so far?**

Those Evangelical nuts that worship jews and can't be made by us to notice no matter what strategy or method we try also worship Trump so once they get fooled again into believing Bibi tried to kill him then that is their Tower 7 moment.

Because they sure as fuck didn't share the same Tower 7 moment I did with all of you.

### **This is the final stage of the game if Q is real.**

The normies who are the hardest to wake and the most jew-programmed are the current target people.

This is why the Psyops are so obvious to us because they are not for us.

It's painful to watch for us but I hate to break it to you but we were all that asleep at one point too.

Please have patience and understanding when dealing with the people still fast asleep.

### **Especially the oldies.**

They have been psi-oped the longest out of anyone and deserve compassion not scorn.

***The idea that their Dads and Grandads fought and died on D Day as part of "The Band of Brothers" to put people in charge of the world that would turn around 80 years later and start cutting the penises off their Great Grandsons and make them wear dresses is abhorrent to them regardless of whether it's true or not.***

### **They can't be forced into the Truth.**

No one can if you want them to change their lives because of learning it.

That's what we need right now in this Epic moment in time.

We need the entire planet to turn their faces away from the jews and banish them back whence they came to the Ukraine.

### **There were Israelites.**

They got the Commandments from God handed down by Moses and that was enough for them to live, love and prosper.

These People living in modern day "Israel" are not the same people who walked out of Egypt.

**Remember that.**

This is the moment in time the entire world is about to stop and make a decision.  
Can we remove the jews from power and banish them back to the Ukraine safely with or without a war...

**If Q is real then that is the Plan.**

***There is no other alternative that avoids war.  
That's really the only way to know if Q is real.***

***November.***

By the end of November we will all know whether America is heading into 2025... or 1776.

Let's wait and see shall we...

**WWG1....oh you remember the thingy...**

I'm still not off the fence yet.

**But when I am you will be the first to know.**
